I, \_\_\_\_\_, the undersigned, hereby certify that the following statements are true and correct:

- 1) I performed all inspections indicated in the 'Inspections Performed' table above at the address indicated in the 'Project Information' table above.
- 2) The foundation, under slab, rough and framing inspections were performed after the applicable stage of construction was complete, but prior to the concealment thereof.
- 3) Any code violations identified during inspection were documented.
  - No violations were identified.
  - Violations were identified as outlined in Appendix B, and I verified they were brought into compliance prior to the work being concealed by subsequent construction.

## Inspection Report

- Violations were identified as outlined in Appendix B. Though the violations were concealed by subsequent construction before I could personally verify that they had been brought into compliance, a worker who participated in the subsequent construction provided me with photographs sufficient to document compliance, which are attached to this report under Appendix B.
  - Violations were identified as outlined in Appendix B, but they were concealed by subsequent construction before I could personally verify that they had been brought into compliance.
- 4) None of the attached photographs included in the inspection report have been altered or enhanced in any way.
  - 5) All photos and other supporting documentation submitted as part of this report are applicable to the address and permit number listed above.

I understand that if code violations are plainly visible in the inspection photographs, the Bureau of Construction Services may notify the permit holder, property owner, and my professional licensing board.
