Greetings! Join staff from Indy DPW to discuss plans for the rehabilitation of the 29th St. over the canal on August 18 at Puritan Missionary Baptist Church.

Improvements will include replacing the superstructure and constructing new integral end bents behind the existing abutments. The new superstructure will carry 2 - 11' lanes, a 7' sidewalk on the west side and a 10' sidewalk on the east side of the bridge. Following a short presentation at 6 p.m., residents will have an opportunity to view project plans and ask questions.
