

**FOR IMMEDIATE
RELEASE**

August 14, 2023

The following statement regarding Mayor Hogsett's 2024 proposed budget introduction can be attributed to Council President Vop Osili:

"I would like to thank Mayor Hogsett for introducing the City's 2024 proposed budget at tonight's Council meeting. Mayor Hogsett's budget request includes improving quality of life by investing in neighborhoods, infrastructure, pedestrian and bicyclist safety, and expanding mental health services with the additional investment in the Clinician-Led Community Response program. Working alongside the Mayor's Administration, my colleagues and I are committed to supporting resilient neighborhoods. I look forward to engaging with Indianapolis' city and county agencies during the budget process."
