### **Michigan and New York 2-Way Conversion Project**

Greetings! The Indianapolis Department of Public Works (Indy DPW) is beginning work on major infrastructure upgrades in your area. This project will convert Michigan and New York streets from one-way to two-way traffic between College Avenue, Emerson Avenue and North Ellenberger Park. The two-way conversion of both streets will feature improvements to existing sidewalks, curbs and ADA ramps, crosswalk enhancements, as well as street resurfacing. These upgrades will increase safety and improve community access for residents, commuters, transit riders, pedestrians and bicyclists on the city's Near Eastside.

We would like to invite you to join a meeting to discuss the details of this project on December 5th at the John Boner Neighborhood Center from 6:00 - 8:00 PM. To learn more about this project, please visit our website at [indy.gov](http://indy.gov).

**Questions? Please contact Auboni Hart at [Auboni.Hart@indy.gov](mailto:Auboni.Hart@indy.gov) or 317-954-3558**
